« LEKØ is the power, the softness
and the poetry at the same time...
a clever mix between a dandy
and a man of the wood”.

Tristan de la Flechère - RTL2 Radio « *Le son pop-rock* »

LEKØ

It was after crossing Jullien Arniaud's road (*The HOST, January Sons, Brother Junior*) that Fabien Collet **launched an ultimate challenge to himself : LEKØ.**

Epic first shooting blows up on national radio : *Virgin Radio* in March 2020 with "*ME & YOU*" then, exceed expectations on YouTube with "*IB2U*", quickly confirmed by « *I TRY* » the explosive mix of power and emotions representative of LEKØ.

"*FIREWORKS*", **once again sets the tone.** The whistle of this new bullet resounds one more time on **french national radios** (*Europe 2, RTL2, NRJ, France Bleu, Chérie FM...*).

LEKØ

LEKØ, it's a shining cross-over between, americana, gospel, folk-rock and blues pop subtly bodied with digital bass.
